

# Prescription Notification Service

by SMS text message or voicemail

## How does it work?

Firstly, complete and sign the form overleaf so we can make sure all your details are correct on our labelling system.

Then simply request your prescription in your usual way, letting the Surgery know you wish Clare Pharmacy to pick up your prescription on your behalf and dispense it.

We will send you a SMS text or voice message to inform you that your prescription has been dispensed and is ready to pick up.

We will also contact you if we need to confirm anything before you come in to collect your prescription.

So take the stress out of knowing when you can collect your prescription by registering for this service now - simply complete the overleaf and pass it back to the pharmacy.
